## State Primary General Election Questionnaire

**Name:** Monica Irvine  
**Office:** Senate District 6

	Support	Oppose
Support and defend the US and Tennessee Constitutions	X	<input type="checkbox"/>
<b>Explain:</b> I believe the most important job of our state elected officials, is to ensure that every piece of <b>legislation aligns with our Constitution</b> (state & US). It is what safeguards our nation & state from an over-reaching government and ultimately safeguards our citizen's freedoms.		
Protect First and Second Amendment rights	X	<input type="checkbox"/>
<b>Explain:</b> We the people, have the constitutional protections from being "bound" by our government. These amendments enshrine in our Constitution these God-given rights that are ours to hold. <b>I vow to do all that I can to protect these rights without exception.</b>		
Limit government power and surveillance	X	<input type="checkbox"/>
<b>Explain:</b> Our Constitution clearly outlines when and how our government is allowed to complete surveillance (violating someone's right to privacy). It may only occur when the standards of probable cause have been met and a magistrate authorizes such. If, we the people, have not given certain rights of authority to the government, then <b>they simply do not exist.</b>		
Safeguard medical freedom	X	<input type="checkbox"/>
<b>Explain:</b> <b>Every time!</b> Our Constitution makes it clear that no one can force someone to violate their conscience. This means that no doctor, no therapist, no "expert" of any kind, supersedes our own authority.		

	Support	Oppose
Protect children and support parental control of children's education	X	<input type="checkbox"/>
<b>Explain:</b> If we are not going to ensure that our children are protected from; teacher indoctrination, pornography on school shelves and school platforms, sexual grooming, violence from other students, etc., etc., then we must give parents the choice to find alternative learning environment for their child. In addition, <b>parents stand as the sole authority</b> over their children's upbringing, healthcare, spiritual development, education and our laws should always reflect this.		
Shield Tennessee from illegal immigration	X	<input type="checkbox"/>
<b>Explain:</b> I place the full weight of responsibility of immigration on our Federal Government, but we must do all that we can as a state to <b>make TN a repellant to illegal immigrants.</b>		
Defend election integrity	X	<input type="checkbox"/>
<b>Explain:</b> Improving election integrity should be our <b>highest priority every day.</b> The public must have confidence that their vote counts. I will continue to make it a priority to earn the confidence of Tennessee residents in our elections.		
Stand for the sanctity of life	X	<input type="checkbox"/>
<b>Explain:</b> I vow to protect every life from conception until the end of natural life. To me, if we don't stand firm and unwavering on this issue, we will loose the blessings of protection as a state from our Almighty God. <b>I will NEVER bend on this issue.</b>		
Defend state sovereignty (protect against overreach by the federal government or other entity such as the UN or WHO)	X	<input type="checkbox"/>
<b>Explain:</b> We must make our TN constitution clear on our commitment to state sovereignty. If a particular authority is not given to our Fed Gov't in the Constitution, then once again, it simply does not exist. <b>I vow to uphold our Constitution,</b> standing against any attempt to weaken it or any attempt to supersede our state sovereignty.

	Support	Oppose
Establish sound money.	X	<input type="checkbox"/>
<b>Explain:</b> Whoever controls the money, controls the people. We must always value various forms of currency to ensure that no one and <b>no government can monopolize its control.</b>		

Please include any information or comments you would like voters to know about you:

Thank you so much for the opportunity to express my beliefs on these important issues and thank you for holding us, the candidates, accountable to the commitments that we have made.

I vow to publish my voting record every week during session through my email (my weekly newsletter) and on my social media platforms. I will list what bills I voted on, how I voted and why so that you, my constituents, can determine if I deserve your continued support.

I have vowed in this election, not to take one penny from special interest groups and PAC's, as I see this to be the #1 issue that causes elected officials to bend on their principles while voting.

Once again, thank you and **I ask for your vote on August 1st!**

With unwavering commitment,

Monica Irvine
